EV METALVÆRK A/S

Aktuatorbetjent nåleventil

Normally closed (Air to open)

Nomally open (Air to close)

Specification.

Working pressure - valve	3/8” ventiler = 1500 bar 9/16” ventiler = 1050 bar
Air pressure actuator	5 – 8 bar
Max. temperature	+65 ºC
Min. temperature	-25 ºC
Sizes	3/8” & 9/16” ventiler
Standards	ATEX godkendt
Material – Gaskets valve Material – actuator Valve body	PEEK AW6026 AISI 316L
Antistatic design	Atex godkendt-
Medium	
Test.	
Certification/Documentation	Pressure test certificate Leak test certificate Drawing with main dimensions. BOM for spare parts.
Marking on body.	Production number. Heat no of material. Part number.
