Location orienteering.

Start is located 200 m from the shooting range, route marked with red/white tapes.

Start with 2 min start interval in each class, according to the start list.

A competitor shall be present in the start area 4 min before his/her starting time.

The course is marked with colored tapes. There are five positions placed in and five positions placed outside the course. The competitor signs the position on the map with a safety pin and, on the backside of the map, signs the position with a marking pen by connecting the pinprick to a circle with the respective number of the position.

Shooting.

After five (5) shots the competitor requests the shooting range official to reset the target.

If all lanes are occupied, an official registries waiting time and mark it on the map.

An official will hand over a registration paper for shooting hits. Please show/say your number to the official on your specific lane and it will be written on the registration card..

Shooting and Competition area.

Same as for Mass start without penalty loops.

After prone shooting, follow the same red/white tape as for location orienteering to start orienteering.

WE LOOK FORWARD TO SEE YOU AND HOPE, THAT WE CAN GIVE YOU A NICE EXPERIENCE.
