NEW WILEY X® STREET SERIES QUAKE™

SHAKES THINGS UP
COMBINING FORM
AND FUNCTION
WITH ITS BOLD
DESIGN AND
UNPARALLELED
PROTECTION.

The new Wiley X®
Quake™ will be sure
to turn heads with its
Earth-shattering
design and
performance
enhancing features.

But don't let its good looks deceive, as the newest member of the popular Wiley X Street Series™, the Wiley X Quake more than delivers when it comes to comfort and safety. A favorite of NASCAR superstars, elite armed forces and active enthusiasts alike, Wiley X is world-renown for marrying paramount protection technology with exceptional style.

Simply put, the Wiley X Quake is, for all intents and purposes, indestructible. Its strikingly-styled, RX-ready Gloss Black frame is constructed of triloid nylon, which is virtually unbreakable. The frame is also flame resistant.

The Wiley X Quake's impenetrable frame houses shatterproof Selenite™ polycarbonate lenses – one of the world's most impact resistant lens materials. The lenses are also coated with scratch-resistant T-Shell™ hardcoat which protects against smaller scratches and nicks.

The Wiley X Quake which has been designed for medium-sized faces, feature an edgy design coupled with classic characteristics which lend a clean, refined appearance. Lenses are available in Polarized Bronze for advanced visual definition including increased contrast and enhancement of ground level contours giving you true-to-life vision which is often obscured or distorted by other manufacturer lenses. Whether it's hiking, hanging out at the beach or any other fun-in-the-sun activity, rest-assured you'll be ready to take it on in style.

Don't sacrifice great quality for great looks. Look to the Wiley X Quake to get both.
