## Steven Tirsgaard wins the Danish Championship

Before this weekend's race at Padborg Park Steven Tirsgaard had only a 2.5 point edge to 2. place Ulrik Nielsen, so Steven had to race two flawless races since this was the final race of the season.

During the time trial Steven achieved pole position, so he could not ask for a better starting point. In the beginning of the first race the competition between Steven Tirsgaard and Ulrik Nielsen was tough, but then Steven found an extra gear and cut important seconds of his lap times. Actually Steven managed to set a new track record of only 59.474 seconds. Steven Tirsgaard crossed the finish line in 1st place, but

unfortunately for Team Martin Speed of Light their other driver Simon Tirsgaard was run off the track already in the third corner. This ruined Simon's chances of taking 3rd place in the Danish Championship.

It was not Simon Tirsgaard's weekend at all, because during the second race he was forced to leave the race due to technical problems. At the time of the defect Simon was in 2nd place right behind his older brother Steven. Steven Tirsgaard kept his focus and stayed in 1st place until the finish, and thereby securing the Danish Championship 2011 in the Super Bike class.

Overall it was a very convincing performance by Steven Tirsgaard, and Wiley X Europe would like to congratulate Steven with the championship. Wiley X Europe would also like to congratulate the entire Team Martin Speed of Light, who has had an impressive season. Wiley X looks forward to continue the cooperation and wish them the best of luck in 2012, where the team is hoping to start racing in Germany too.
