Wiley X Europe LLC is proud to announce a strategic partnership with Dräger Safety Danmark A/S.

As of April 1st 2011 Wiley X Europe can offer prescription lenses for Dräger respiration masks X-plore 5500, Panorama NOVA and FPS 7000 in Denmark.

Wiley X Europe will supply the lenses in cooperation with our prescription lens manufacturer in Portugal. The lenses are from a special made and safety approved polycarbonate material, which offers high curves and prismatic correction to ensure a large area of clear sight.

Wiley X Europe will bring the optician facilities to the client, and our authorized optician and modern equipment will secure a professional result.

Wiley X Europe looks forward to guide and service Dräger's clients with choosing the right prescription lenses.

About Dräger:

Dräger is a leading international company in the fields of medical and safety technology. Dräger has grown into a worldwide DAX listed company lead by fifth generation and still family owned as when established in Lübeck in 1889. The successful story of Dräger is based on value-oriented common culture with four crucial strengths:

- Close cooperation with the clients
- The expertise of the employees
- Constant innovation
- Unique quality

Dräger Safety offers its clients total solutions with special focus on personal safety and protection.

Dräger has close to 11,000 employees worldwide and is represented in more than 190 countries with sales and service organizations in 40 of them.
