

## OK. YOU'RE IN ICELAND.

MOST LIKELY FOR THE FIRST TIME.

You will probably bathe in the Blue Lagoon and take a road trip to Gullfoss and Geysir. That's all well and good. But neither Geysir's or waterfalls are something you eat. That's why we have 15 brilliant and creative hamburgers at The Hamburger Factory. And they are all perfectly square■

The Hamburger Factory is Iceland's most innovative gourmet burger chain. Packed with burger-craving customers since it's opening in 2010, among the regulars is Iceland's best known fisherman, Eric Clapton. In our restaurants we welcome tourists with our newspaper like menu and smiley service. They are packed with fun items and Icelandic pop culture memorabilia.

### THE HAMBURGER FACTORY HAS THREE RESTAURANTS IN ICELAND

1. The Tower of Höfðatorg
2. Kringlan Shopping Mall
3. Akureyri - the capital of the north
