## Poet Sofa

Finn Juhl

Finn Juhl tegnede Poeten til sin egen bolig i 1941 inspireret af den frie kunst. I dag repræsenterer sofaen samtidig et stykke dansk kulturhistorie og et moderne møbel, der osrer af værdier, der ellers er gået tabt i vor verden af ligegyldigheder. Poeten fremstilles i en formidabel kvalitet med håndsyet betræk. Ben i flere træsorter.

Inspired by "free art", Finn Juhl designed Poeten for his own home in 1941. Today this sofa represents a part of Danish cultural history and modern furniture that exudes values that have more or less disappeared in these days of fleeting fancies. Poeten is made to the finest manufacturing standards with hand-sewn upholstery, and its legs come in several different types of wood.
