Model Playground · Design by Jens Juul Eilersen

English:

Sit, lie down, enjoy – and play with Eilersen's patented free movable back support sofa. Playground is created to satisfy the need for combining sofa and bed. Our idea with Playground is to offer a multi-purpose piece of furniture that is both flexible and mobile. Playground meets these requirements. The back sections weigh almost nothing so adults and children can easily move them.

The cone-formed, free movable back supports have a non-slip material on the underside, so they don't slide, no matter where you use them. Placed as back support you then have the perfect sofa where you sit comfortably in all positions and on all seats. Place it as an arm support and you have a comfortable chaiselongue. Place it on the floor and you can make a 'nest' where you can enjoy watching TV or reading.

Solid-wood frame with Nozag-spring seat-base, covered with polyurethane foam in a 600 g pre-compressed, fibre-fill wrap.

The free movable backs consists of 100% foam.

Back cushion filling is 100% down and small duck feathers sewn into a ribbed, featherproof cambric casing.

To retain the feather cushion's appearance and shape, regular fluffing-up and airing are recommended.

Playground is available with fabric or leather upholstery.

Standard delivery has removable cover on the frame with a calico cover underneath.

Standard delivery has hidden wooden legs in black lacquer.

All cushion covers have zip-closing.

The factory provides a 5 year guarantee, to cover frame, springs and cushion filling. No guarantee is provided for fabric and leather upholstery. Please see special information on selection of fabric and leather on www.eilersen.eu.

All overall dimensions correspond to frame sizes.

Dansk:

Sid, lig, hyg – og leg med Eilersens patenterede rygløds-sofa. Playground er skabt til at tilfredsstille behovet for at kombinere sofa og seng. Vores idé med Playground er at tilbyde et multimøbel, der er både fleksibelt og mobilt. Det opfylder Playground. Rygelementerne vejer ingenting, så de er nemme at flytte for både voksne og børn.

De kegleformede og mobile ryglødsere er på undersiden beklædt med et skridsikkert materiale, så du kan bruge dem hvor som helst, når som helst og på hvilken som helst måde. Placeret som rygstøtte får du den perfekte sofa, hvor du sidder godt i alle positioner og på alle pladser. Placeret som armstøtte får du en komfortabel chaiselongue. Placeret på gulvet kan du etablere en rede til TV-hygge eller læsning.

Stel i massivtræ med sædeaffjedring af Nozag-fjedre, polstret med polyuretanskum svøbt i 600 g. forkomprimeret fiberfill.

Ryglødserne består af 100% skum.

Pudefyldet i rygpuder er 100% dun og andesmåfjer, indsyet i et kanalopdelt væv af duntæt cambric.

For at bibeholde dunpudens form og fylde bør den jævnligt bankes op og lufttørres.

Playground fås beklædt med stof eller læder.

Modellen leveres standard med aftageligt betræk på stel, med et underbetræk af stout.

Modellen leveres standard med skjulte sortlakerede træben.

Alle pudebetræk er forsynet med lynlås.

Der ydes 5 års fabriksgaranti mod fabrikationsfejl på stel, fjedre og polstring.

Der ydes ikke garanti på stof og læder, men der henvises til www.eilersen.eu for særlig vejledning for valg af stof og læder.

Alle angivne mål er stelmål.
