

# Qufora® IrriSedo MiniGo Flex

For low volume transanal irrigation

## Product components

- Soft pump with a flip lid
- Single-use cone flex with hydrophilic coating that is activated when dipped in water, with integrated flexible tube

soft pump

cone flex  
- regular and small size

## Product features

### Soft pump with flip lid

- Easy to fill directly from the tap, just like a bottle. It has a volume of 180 ml.
- An audible click indicates that the flip lid is securely closed
- Easy to connect and disconnect the cone flex
- Easy to grip and squeeze, and with MiniGo Flex the pump is held in front of the body
- One-way valve prevents backflow to the soft pump

### Pouch for the single-use cone flex

- Hygienic handling of cone flex when preparing for irrigation
- Handy disposal bag for cone flex afterwards

### Box

- Storage option for product between irrigations

### Cone flex

- Creates a distance between the cone and the soft pump, thereby enabling a better reach behind
- Ready lubricated, just dip in water
- Soft, round flexible tip for comfortable insertion and removal, and oval cone shape fits the body and provides a good seal
- Five-outlet design delivers water with a gentle shower effect in all directions in the rectum
- Available in regular and small

## Material description

Parts	Material	Softener
Soft pump		
Container	TPE	No softener

One-way valve in lid	Silicone	No softener
Cone flex		
Tube	TPE	No softener
Cone	TPE	No softener
Coating	Hydrophilic PVP	No softener
Lid connector	TPE	No softener

## Dimensions and weight

Parts	Dimensions		Weight
Soft pump	Length	80 mm	41 g
	Width	60 mm	
	Height	95 mm	
	Volume	180 ml	
Cone flex	Cone length	59 mm	20,2 g
	Cone width	39 mm	
	Cone height	69 mm	
	Total length approx.	700 mm	
	Free length min.	625 mm	
Cone flex small	Cone length	59 mm	18,5 g
	Cone width	39 mm	
	Cone height	60 mm	
	Total length approx.	690 mm	
	Free length min.	625 mm	

## Recommended usage time

- The soft pump can be used 30 times (equal to 1 month usage time\*)
  - The cone flex is single-use only
- \*when used for irrigation every day

## Regulations and standards:

- MDR (Regulation 2017/745) - CE
- UK MDR 2002 - UKCA
- ISO 13485:2016 (certified)

## Awards

reddot winner 2021

## Design that matters

We strive to make progress in areas where we can have the most immediate impact. That is why through design-thinking in material choices and packaging, MiniGo is:

- PVC-free and phthalate-free
- With minimum packaging but giving maximum function, the box can also be used as storage between irrigations
