longer-lasting Slice® safety blades

- never rust
- non-conductive
- non-magnetic
- non-sparking
- chemically inert
- safe up to 1600°C
- no sharps box needed
- no oil coating

Why Slice®?

- Slice patented safety blades are safer than traditional blades
- Slice blades last up to 11.2x longer than steel blades
- fewer blade changes means less downtime and fewer injuries
- Slice blades never rust, do not conduct electricity, are non-sparking, and are non-magnetic
- Slice blades are oil and lubricant free
- safer finger-friendly® edge cuts materials effectively
- blades do not require sharps disposal and are 100 percent recyclable
