Carbure Carbide Metallo duro

Les fraises **magaforce**, sont en CARBURE MONOBLOC. Cette conception leur confère une solidité unique.

The **magaforce** countersinks, are made from SOLID CARBIDE. This concept offers a unique strength.

Los avellanadores **magaforce**, están fabricados en METAL DURO INTEGRAL. Este concepto ofrece una rigidez única.

Le frese **magaforce**, sono in METALLO DURO INTEGRALE. Questa struttura conferisce loro una solidità unica.
