

You can acquire your forklift certificate in English at AMU SYD in Kolding

Why do you need a forklift-certificate?

In Denmark you need a forklift certificate to operate forklifts legally. A forklift certificate allows you to operate all types of forklifts and counterweight trucks with a vertical mast.

Who can attend the forklift course?

You must be at least 18 years old and have a driver's license to attend the course. If you do not have a driver's license, you need a medical certificate.

We teach in English at exactly your level, so your English skills do not have to be on a higher level to attend the course.

Where to acquire a forklift-certificate?

The course is held at AMU SYD in Kolding, which is one of the very best vocational schools in the country.

We have great learning facilities, so you will get lots of practical training before the final test.

How long will it take?

You will have to spend 7 days at AMU SYD in Kolding. At the end of the course, you will have to pass a test.
