

# Telescopic loader - certificate

**Kursusnr.:** 48671

**Varighed:** 5 dage

## Bigger muscles in only 5 days

Do you want to lift heavy stuff? The course is aimed at those who want to operate a telescopic loader with forks. It only takes 5 days to get new skills and more power.

A certificate gives you good opportunities for employment in agriculture or in the construction business. You'll learn how to use the telescopic loader with forklift and crane with focus on safety, efficiency and working environment.

We offer courses in English.

## New skills makes you stronger

**This course helps you to:**

- Operate various telescopic loaders safely for lifting and transporting
- Use the machine's load chart
- Perform the work safely according to the machine's stability properties
- Handle different goods under different conditions
- Perform daily inspections and ensure that the statutory inspections are complied.

## How to get a certificate

You are required to be at least 18 years old. Additionally you must document good health conditions by either driving licence for minimum tractor or by a medical certificate.

In order to get certificate for the course, you must pass a theoretical and practical test.

## The quality is incomparable

AMU-Fyn cooperate with Riwal, which guarantees you the very best practicing opportunities with quality and safety.

We have experienced trainers, modern facilities and a great educational environment.

You don't have to be perfect at English to do this course. We will guide you through the technical terms.

Come and join us. We will be pleased to lift you to a higher level.

## Economy

A participant payment is charged according to the rules of force. See rates for participation payment on our website.

Participants who are in AMU's target group have the opportunity to apply for wage loss allowance during the course. Participants with more than 24 km from place of residence to the place of education (and return) are entitled to a transport allowance. To get this you have to apply when signing up for the course at [www.amu-fyn.dk](http://www.amu-fyn.dk).
