We declare that the aforementioned products are in conformity with the following regulations.

- Regulations EC no. 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109.
- Regulation EC no. 2023/2006 of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food.
- Regulations (EU) no. 10/2011 of the Commission of 14 January 2011 on plastic materials and articles intended to come into contact with food.

The raw materials comply with the standard of REACH.

In terms of food safety the inner side of the product(s) is (are) suitable for direct contact with dry and greasy foodstuffs in a dry environment.

For use in a conventional oven and micro-wave, the product is suitable to a temperature of 200 degrees Celcius.

Duration depends on the contents and the process. This has to be determined by means of a filling and/or baking test.

Storage conditions: Dry and free of dust, temperature of 0-40 °C
