

Declaration of Compliance

Articles are produced in our plant in Terjärv, Finland under Quality and Hygiene certified Management System:

- ISO 9001:2015 by Det Norske Veritas (FIN)
- BRC Global Standard Consumer Products by TÜV NORD CERT GmbH

Articles are produced in accordance with Commission Regulation (EC) No 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food.

The materials used in the production of articles we deliver to you comply with:

- Regulation (EC) No 1935/2004
- BfR Recommendation XXXVI
- Regulation (EC) No 10/2011 as amended (for the lacquer coating)

Articles: 1283612-000, Plate laminated 23cm white
1283634-000, Plate laminated 18cm white
1597772-000, Plate 18cm brown
1597783-000, Plate 23cm brown
1597805-000, Plate 23x23cm brown

Above mentioned articles are made of paperboard from 100% virgin fibers with lacquer coating (< 1% of the article weight). Articles are suitable for short term contact with dry and fatty foods as well as moist, non-acidic foods up to 90°C.

Compliance with overall migration limits:

Simulant	Contact time	Temperature (°C)	Result (mg/dm ²)
10% Ethanol	2 h	70°C	< 10
95% Ethanol	2 h	60°C	< 10
Iso-octane	½ h	40°C	< 10

Surface area / volume: 0.43 dm² / 30 ml.

Articles do not contain dual use additives.

Based on test results from third party laboratory we declare that the articles comply with specific migration limits for metals.

Recommended storage conditions are 50-55% relative humidity and 20-23°C. Articles have no expiry date but we recommend that articles to be used within 3 years from the date of production.
