DEBATIN[®]

100 JAHRE INNOVATION

Anton Debatin GmbH, Vichystr. 6, 76646 Bruchsal

Bruchsal, 17.04.2023

Dear Ladies and Gentlemen,

Anton Debatin GmbH attaches great importance to a high level of customer satisfaction. This also means that we face up to the ever-increasing requirements and deal intensively with compliance with various EU directives and regulations.

We hereby declare that our products:

- **DEBAGRIP** (grip bag)

does not contain the following per- and polyfluoroalkyl substances (PFAS). These include perfluorooctane sulfonic acid (PFOA) and its salts, and perfluorooctane sulfonate (PFOS) and its salts. The Delegated Regulation (EU) 2020/784 serves to expand the POP Regulation (2019/1021) by adding PFOA in Annex I. Further substance restrictions regarding PFOA are regulated in (EU) 1907/2006 (REACH).

We rely on the compositional information as provided to us by our raw material suppliers.

Yours sincerely

i.A. Veronika Stricker

Our declaration is based on the data of our previous suppliers. Although the substances which are subject to limitations in above mentioned regulations are not used or added on purpose, the presence of negligible hints caused by e.g. contamination can't be excluded fully. As the appearance of those substances is seen as very unlikely, we abandon a chemical investigation to prove their absence due to economical reasons.
