DECLARATION OF COMPLIANCE Materials and Articles in Contact With Food

We Dart Products Europe Ltd, Tower Close, St. Peters Industrial Park, Huntingdon, England, hereby declare that the materials and articles manufactured/supplied by our company, comply in all respects with the Materials and Articles in Contact With Food Regulation 1935/2004; and for plastic materials (EU) No 10/2011, Good Manufacturing Practice for materials and articles in contact with food (EC) No 2023/2006, and the EU Packaging and Packaging Waste Directive 94/62/EC and its subsequent amendments 2004/12/EC and 2005/20/EC.

Product Material Group	Intended Use	Testing Conditions
Paper Hot Cup (single sided poly)	Hot beverages	OM3; B, C & D1 (2 hours @ 70°C)
Paper Soup/Porridge Cup (double sided poly)	Hot/cold foods	OM2; A, B & D2 (10 days @ 40°C)
EPS Cups and Containers	Hot/Cold food and hot/cold beverages	OM2; B, D1 & D2 (10 days @ 40°C)
Paper Food Container (single sided poly)	Hot/cold foods	OM2; A, B & D2 (10 days @ 40°C)
PS Cups & Containers	Hot/cold foods and cold beverages.	OM2; A, B & D2 (10 days @ 40°C)
PET Cups & Containers	Cold food and beverages	OM2; A, B & D2 (10 days @ 40°C)
rPET Cups & Containers	Cold food and beverages	OM2; A, B & D2 (10 days @ 40°C)
PP Cups & Containers	Hot/Cold food and cold beverages	OM2; A, B & D2 (10 days @ 40°C)
CPLA White Cutlery/Lids	Hot/Cold food and hot/cold beverages	OM2; A, B & D2 (10 days @ 40°C)

The products have been tested for Overall Migration according to EU 10/2011 and comply with a limit of less than 10mg/1dm².

Where applicable the products have been tested for Specific Migration according to EU 10/2011 and comply with the limits below.

None of our products intentionally contain the heavy metals specified in the EU Packaging and Packaging Waste Directive 94/62/EC and its subsequent amendments 2004/12/EC and 2005/20/EC – Lead, Cadmium, Mercury and Chromium.

We do not systematically test all of our products for heavy metal content but random analyses indicate that typical levels are significantly lower than the 100 ppm limit.

We do not add Bisphenol A (BPA) to the manufacturing of any of our products, and do not intentionally use or incorporate materials made from, or containing Bisphenol A in our manufacturing process of our products in Europe.

Paper/PP/CPLA: The product contains no substances for which specific migration limits ("SML-values") or maximum residual monomer content exists ("QM-values").

Dual use additives: The product does not contain dual use additives.

PET/rPET: The product contains the following substances for which specific migration limits ("SML-values") exist.

Dual use additives: Use is made of a dual use additive, phosphoric acid, which is listed as an approved additive in the positive list of EU 10/2011.

Substance name	CAS-Number	SML limit - mg/kgs of foodstuff
Ethylene Glycol	107-21-1	30
Terephthalic Acid	100-21-0	7.5
Isothalic acid	121-91-5	5

EPS: The product contains the following substances for which specific migration limits ("SML-values") exist.

Dual use additives: The product does not contain dual use additives.

Substance name	CAS-Number	SML limit - mg/kgs of foodstuff
Zinc Disterate	557-05-1	25 (as Zinc)

PS: The product contains the following substances for which specific migration limits ("SML-values") exist.

Dual use additives: The product does not contain dual use additives.

Substance name	CAS-Number	SML limit - mg/kgs of foodstuff
Butadiene	106-99-0	1

Functional barriers:

- Our products do not contain functional barriers.

Our products are manufactured in compliance with good manufacturing practice (GMP). There is no cumulation applied. However, SOLO CUP EUROPE does not carry out organoleptic tests with any of its manufactured/supplied products.
